Seventh-Day Adventist Church Chesapeake Conference is pleased to announce your eligibility for an employee benefit that your whole family needs to learn about:

Long Term Care Insurance

Seventh-Day Adventist Church Chesapeake Conference is committed to making sure all employees are protected, not only during their working years, but also into retirement. This program is brought to you by **ACSIA Partners LLC** in partnership with **LifeSecure Long Term Care** and is available for employees, spouses, and extended family members.

Good News!

Long Term Care insurance is now available to you as a voluntary benefit, because we understand the impact of not planning for extended care events, which are **NOT covered by Medicare** or traditional health and disability insurances.

Limited-Time Opportunity

Take advantage of your *one-time opportunity* to apply for coverage with reduced health questions. To be eligible for reduced health questions, employees and their spouses **must apply within 90 days of date of hire**, be 18-65 years old and work 20 hours per week.

However -

Employees and their family members may apply for this benefit at any time with gender-neutral rates; however, full underwriting is required. Qualifying for long term care insurance is based on your current health situation, so now is the best time to get this coverage.

Please contact Michael Markowitz, an LTCi specialist, who will explain how this benefit works as well as cover the additional options available to you.
